MEMORANDUM FOR: THE RECORD**SUBJECT : Beacon Conference**

1. Time and Place: 14 March 1956, O/C Conference Room,
"I" Building

2. Attendance: FM/Staff Representative
FP/AMD Representative
O/C Representative

50X1

3. Discussion:

a. This meeting was called by O/C in order to determine the group responsible for the development of various DZ locating systems.

b. Accordingly, the following decisions were reached:

- (1) O/C would have prime cognizance of the ultimate DZ locating system. TSS would provide whatever support is requested.
- (2) As an interim measure the URC11/ARA-25 homing system will be tested by O/C and, if acceptable, utilized.
- (3) Tripartite agreements bearing on this subject will be investigated and action taken as required, particularly with respect to the use of the SARAH system.
